LAST MEETING

Our last meeting was on Nov. 19 with about 21 members in attendance. The primary focus once again was organizational. It was decided that we would hold another raffle. More on that later. There was some discussion about demonstrators and we planned for the December meeting which will include the customary gift swap. Future meetings will feature either hands on work or outside or inside demos. It was also decided to better promote the wood auction and the bring back raffle.

WOOD AUCTION

There will be a wood auction at all future meetings except those featuring an outside demonstrator. This is a major source of revenue and we need both generous donations and spirited bidding!

GIFT EXCHANGE

This being the Christmas meeting everyone must bring a gift. Store bought, hand made, or just a block of wood. Must be in a brown paper bag so we can write a number on it for the drawing.

Future Meetings

All future meetings will be held at Erskine Academy which is located off route 32 about 1 mile past Dave's road. Look for a cemetery on your LEFT and it's the next right turn just before the school..

Next Meeting

The next meeting will be on Wednesday December 17 from the usual 7-9 pm. In addition to the gift exchange, wood auction and bring back raffle we will also demonstrate different chucking techniques. Bob Hacket will demonstrate jam chucking, Bob Morrill will talk about double sided tape and Dave Lancaster is bringing his new portable vacuum pump. Other members are encouraged to bring their chucks, jumbo jaws etc., for a show & tell..

Library News

If you have any books or videos that you forgot to return please bring them to the next meeting. We are still missing several. They must be somewhere!

RAFFLE

We are going to raffle off 3 Rascal Power visors from the Airway Co. These are the self contained models and cost about \$120- each. Tickets are \$10- for 6 chances. These are great odds to win and get a valuable piece of safety equipment.
