Dear Members:

I hope everyone who attended October's meeting got lot out of it. It started with calling the meeting to order. Some discussion on the news letter. We found that Kieran Krammerer has a digital camera and would be happy to take some pictures for the association. This should be a big improvement compared to the problems I have been having with my camera. We still need someone to offer to take some basic notes while the meeting is going on, Please! The treasure gave his report. We have \$3653.00 as of the beginning of this meeting.

I then handed the floor over to Christian Burchard. Christian is a professional demonstrator. He presents himself well, gave the information once then repeats himself as often as it took for the information to sink in. I could talk about technique, wood grain, or shapes, but the important thing I think Christian brings to woodturning is the thrill and uncertainty of creation. Every time we put a block of wood on the lathe we don't know what will come out. We have an idea of what kind of shape we are making will it be a bowl or a vessel. Will it work with the kind of wood I have? Will the grain pull out? Will I tell anyone how many pieces I blew up before I got one pretty close to right? Christian has an energy that comes out in his teaching and his work. I thank him for his time and hope that all who attended feel the same way.

(See President's message continued inside)

The Bring Back Raffle was won by Craig Bradley in September. We're all looking forward to see his creation. This is always an interesting part of the meeting. One never knows the extent of the ingenuity of wood turners.

This Month's Meeting — November 17th
@ ERSKINE ACADEMY 7:00 to 9:00pm

Let Us Demonstrate

This month's demonstrator will be our own Dave Lancaster. He will be demonstrating green turning. There will also be information presented on drying techniques — kiln drying versus air drying. Highlighted will be instruction on gouge techniques.

**October Meeting Demonstrator was
Christian Burchard. Thanks for a great presentation!**

(President's message continued)

The bring back raffle will be this month if Craig Bradley can make it to the meeting . If not hopefully at the Christmas meeting. We will be voting at the Christmas meeting on whether or not we want to spend money on demonstrator for the upcoming millennium.

If we want to have new and different demonstrators we will have to pay a small payment per day to offset the cost. We paid \$1382.00 for this demo. If we had paid \$20.00 per day per person we would have only paid \$582.00. We still have to auction of the piece when he sends it back. This will bring down the total cost down to about \$500.00 for a two day work shop. That wouldn't be to hard to take compared to what we paid for this demo.

Membership List

This is a list of paid up members of the Maine Wood Turners Association. If anyone is left out that has paid their dues, please let Bob Morrell know and he will pass the information on to the editor for addition in the next newsletter, Please keep this list as only additions or corrections will be published.
