The June meeting will be on the 3rd Wed as usual. Please bring wood for the wood auction one and all. I can't remember who won the Bring back raffle, but whoever you are please bring something in. Your on the hook Paul I think it was Paul Lizotte.

The May meeting was very well attended. David Hardy did a great job of showing us how to make component type work where you make a lot of parts and assemble them. He makes some beautiful little castles. He also makes a great bunch of gadgets to do the shape and decorate his work. It was a great evening. Thanks to David Lancaster for getting him up here.

This meeting will be mostly political. We need to elect new officials for the association. Most if not all positions are opening. We need

people to step up to the plate and take over the reins. The president, vice president?, Editor and several other old and new positions need to be filled to keep us going. We will be voting on new guideline that will help the association run a lot better with less headaches than when I took over. Thanks to Ken Keoughan, Mac Ray, Bob Hackett, and Steve Gleasner. A copy of the by-laws is enclosed with this newsletter. If you have any comments or corrections, please bring your copy with you to the meeting.

My personal thanks to everyone who was so supportive this last year. I hope I have done some good things for us all even if I have bumbled along the way. I look forward to seeing you all in the meetings to come, but it is time for me to step aside and allow someone else to give the association some direction.

Sincerely yours
Jeffrey Oliver Clapp
President
