Newsletter

OCTOBER 2016

October's Demo subject :

THE FINISH: FROM SANDING TO "DONE"

Dennis Curtis, Roger Rittmaster and Steve Tofield
will be presenting their finishing techniques.

- How to apply a custom Danish oil mixture to a properly prepared turned project
- How to effectively use the Beal buffing system after the finish cures.
- Explain the ins and outs of using the buffing system for small and medium sized projects.
- Poly finishes
- Linseed oil
- Tung oil
- Home Made finishing products
- Waxes

This will be an interactive demo - there will be many opportunities for discussion of the processes.

*This is NOT your "watch the paint dry" session.
Come and join the conversation right up to the finish !*

Show & Tell photos at 6:30 Demo @ 7PM

SECRETARY'S REPORT

A board of Directors Meeting of Maine Woodturners was called to order by newly elected President Al Mather at Erskine Academy in South China Maine on September 21, 2016.

The following members were in attendance: Tom Raymond, Al Mather, Sheila Wiken, Chuck Seguin, Dennis Curtis, Lanny Dean, and Brian Libby.

Al opened the meeting at 6:22 PM with our input in facebook. Chuck said he has been doing some of that work but needs more input from the members.

Al suggested that a demo on finishes is planned in the near future.

Tom Raymond suggested a demo on turning natural edge bowls.

Another suggestion by Brian Libby was to have a group turning session with the two new Nova lathes purchased earlier in the year.

The meeting ended at 6:42 PM.

Tom Raymond, Sec.

REMINDER:

DUES ARE DUE by November 1st

We still need a Vice-President, please consider stepping up and volunteering !
